

TECHNO FUTURE

RAMADAN ROBOTICS LEAGUE

TASK NAME: EXIT BOX

TASK DESCRIPTION:

Let your robot find the exit point starting from any of the 4 orientations (North, South, West, and East).

MARKS DISTRIBUTION:

1st Orientation (North).....	(15 marks)
2nd Orientation (East).....	(15 marks)
3rd Orientation (South).....	(10 marks)
4th Orientation (West).....	(10 marks)

Note: The judge will try the robot in the 4 orientations, and **the same program** should work **in all cases**.

NUMBER OF ALLOWED TRIALS: 0 trials.

ESTIMATED TIME: 2 minutes for each orientation.

NOTE: The team which will accomplish the task faster in any direction will get a bonus depending on the difficulty of the orientations as follows;

Orientation	Bonus
North	3 marks
East	3 marks
South	2 marks
West	2 marks
